# IT800WIFI

## SMART WIFI THERMOSTAT

£115 + VAT

The **IT800WIFI** stand-alone Smart Thermostat is a premium wireless thermostat designed to seamlessly control heating and cooling systems, locally or via WiFi.

Perfect choice for boiler control and electric heating!

### MODERN DESIGN MEETS ADVANCED TECHNOLOGY

- **Sleek and Stylish:** Featuring a metallic ring and a negative display, the IT800WIFI thermostat adds a touch of modern elegance to any home decor.
- **User-Friendly Interface:** Easily control your heating and cooling systems with the intuitive SALUS Premium Lite app or directly from the thermostat.

### UNMATCHED CONVENIENCE

- **Wireless Recharging:** The rechargeable Lithium-Ion battery can be wirelessly recharged using the included desk stand, ensuring hassle-free maintenance.
- **Bluetooth Setup:** Simplifies the initial setup process with WiFi settings configured via Bluetooth.

### COMPREHENSIVE CONTROL

- **Remote Access:** Manage your home's temperature from anywhere using the SALUS Premium Lite app, ensuring comfort and energy efficiency at your fingertips.
- **Zigbee Compatibility:** Functions on Zigbee 2.4 GHz, enabling the integration of smart plugs SP600 and smart relays SR600, which can connect simultaneously with the receiver.

5-YEAR  
WARRANTY

# OSO

HOT WATER

MANUFACTURERS OF THE WORLD'S MOST  
EFFICIENT WATER HEATERS

Using innovative and dynamic design concepts OSO are proud to introduce the next generation of unvented cylinders.

All pipes, electric cables and unique secondary expansion solution are hidden from view giving the neatest possible installation.

Reduced heat loss from the Super S is achieved by the use of 100% recyclable super eco foam insulation and also incorporates all valves and pipes beneath the removable top.

Nearly 100 years of development has lead to what we believe are the most energy efficient and easy to install unvented hot water cylinders available in todays market place.
